

INTAKING A CLIENT

In order to enroll a client into OEWD-funded services and input information into WorkforceCentral, you must first complete the proper intake procedures.

1. Meet with client (in-person or virtually) to assess their needs and discuss services.
2. Collect signed documentation from the client.
3. Gather signed documentation and input the information in WorkforceCentral.
4. Maintain all documents (hard or electronic) in individual client case files.

Required Documents:

1. OEWD **Master Application** — all clients
2. Signed **Release of Information** form—all clients
3. Signed **Participant Rights and Responsibilities** form—all clients
4. WIOA Title 1 Eligibility Verification form – all clients
5. Signed Individual Employment Plan – all WIOA Adult/Dislocated clients
6. Signed Individual Service Strategy – all WIOA Youth/Young Adult clients
7. WIOA Youth Eligibility Checklist – all WIOA Youth/Young Adult clients

Best Practice(s)/Tip(s):

- ★ You may download templates for all required documents from: [OEWD Workforce Development Downloadable Forms](#).
- ★ **All intake steps** must be followed for data entry into WorkforceCentral, but you may allow for time between steps to either to allow a client to retrieve information or for you to be certain then client is ready to be enrolled in services.

REGISTERING A CLIENT

Searching for a Client

A client should only be registered in WorkforceCentral once. Before registering a new client in WorkforceCentral, first search for a client using the **Search Client** feature on the home page..

To search for a client:

1. From the **Home** page, under the **Search Client** tab, enter the client's:
 - Firstname
 - Last Name
 - Date of Birth

Best Practice(s)/Tip(s):

- ★ You can search using any one of the search fields. For example, you can search just using last name or date of birth.
- ★ A client might have multiple profiles. WorkforceCentral cannot distinguish “ALL UPPER CASE”, “all lower case” even they are the same client. Search several times using only “First Name”, “Last Name”, “Date of Birth” or even first few letters of the first or last name to avoid duplication of client profile.

2. Select the **Search** button.

If the client is **registered** in WorkforceCentral, they will be listed to the right of the search fields. You **do not need to re-register** the client.

The screenshot shows the 'Search Client' interface. On the left, there are search filters: 'Program' (set to 'All Program'), 'Card ID' (empty), 'First Name' (set to 'Barney'), 'Last Name' (set to 'MacNulty'), and 'Date of Birth' (set to '10/04/2005'). A 'Search' button is at the bottom of these filters. On the right, a table displays search results. The table has columns: 'Intake Date', 'Card ID', 'First Name', 'Last Name', and 'Birth Date'. A single row is highlighted with a red border, showing the client 'Barney MacNulty' with an intake date of '07/15/2021' and a birth date of '10/04/2005'. A 'Select' button is visible to the left of the first row in the table.

	Intake Date	Card ID	First Name	Last Name	Birth Date
Select	07/15/2021		Barney	MacNulty	10/04/2005

If the client is **not registered**, no results will be shown. You **need to register** client.

The screenshot shows the 'Search Client' interface with the same search filters as the previous image. However, the search results area on the right is empty, displaying only the text 'Search Result' in a box, indicating that no results were found for the specified criteria.

Best Practice(s)/Tip(s):

- ★ **Client Registered More than Once:** If a client is registered in Workforce Central more than once, choose the registration with the most recent intake date.

Selecting a Client

You must select a client before you create a client application and add client activities.

To select a client:

1. Select the **Select** button in the **Search Client** menu. The client information will then be listed in the **Client Details** section.

Registering a New Client

Before registering a new client in WorkforceCentral, make sure that they are not already registered by first [searching for them using the client search feature](#).

Before a client application can be entered into WorkforceCentral and enrolled in client services, a client must be registered.

To register a new client:

1. Click **Add New Client** at the top of the menu items.

Dashboard

Agency: Program:

2. On the **Process Pending Clients** screen, enter client information into the 5 fields:

- First Name
- Last Name
- Date of Birth
- Zip Code (Optional)
- Last Four of Social Security Number (If last four digits of Social Security Number is not available, use checkbox)

First Name	<input type="text"/>
Last Name	<input type="text"/>
Date of Birth (MM/DD/YYYY)	<input type="text"/>
ZIP Code (Optional)	<input type="text"/>
Last four Digits of Social Security Not Available	<input type="checkbox"/>
Last Four Digits of Social Security Number	<input type="text"/>
<input type="button" value="Save"/>	

3. Click **Save** Button.

Best Practice(s)/Tip(s):

- ★ **Client Already Registered in System:** If you attempt to register a client that is already registered in WorkforceCentral, you will get a message that indicates that the client may already be registered based on the client information that you provided. Please review the client information and use the existing client registration if it is the same client.

CLIENT ENROLLMENT

Creating a WIOA Client Application

Entering a client application is the first step of the **two-step enrollment process**. The second step of the enrollment process is [adding a client activity](#). A client is enrolled when both the client application is entered into WorkforceCentral and at least one activity is added.

Best Practice(s)/Tip(s):

- ★ To create an application, [a client must first be registered](#) and [selected](#).
 - ★ Before you enter a client application into WorkforceCentral, you may want to wait until the client has passed your organization's probationary period and you are ready to add a client activity.
 - ★ Ensure the paper application is completely and accurately filled out. WorkforceCentral client data entry must match the paper application.
1. From the **Enrolled Programs** menu, select **All Processes**.
 2. From the **All Processes** page, select **Create WIOA Application** at the bottom of the screen.

(Maximum characters: 2000) You have 2000 characters left.

Create Application **Create WIOA Application** **Create P2E Application** **Other Application**

3. Enter the client data from the paper application into the data fields. Please note, there are a total of **4 Application Details pages to enter client data into**.

ADDING A CLIENT ACTIVITY

Client activities are used to document client service delivery. Adding a client activity is the **second step of the client enrollment process**. A client is not considered enrolled into a program until at least one activity is added.

- Client activities are defined by your agency's scope of work
- A client may be enrolled in multiple activities
- All client activities must be completed before a client is exited from enrollment

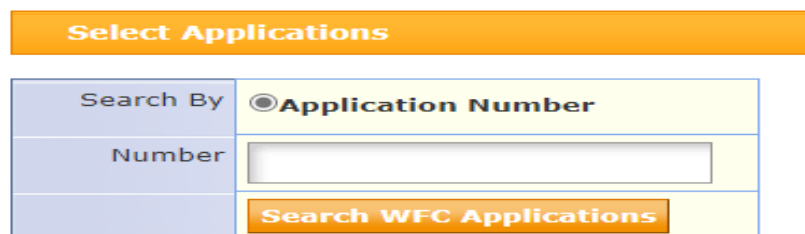

To add a client activity:

1. Once an application number is issued, from the **Enrolled Programs** menu, select **Search Applications**

The screenshot shows the WorkforceCentral interface. At the top left is the San Francisco Office of Economic and Workforce Development logo. The main header is 'WorkforceCentral'. Below the header is a navigation bar with tabs: Home, Add New Client, Client Home, Enrolled Programs, and Program Administration. The 'Enrolled Programs' tab is active, and a dropdown menu is open showing 'Application Wizard', 'Search Applications', and 'All Processes'. The 'Search Applications' option is highlighted. Below the navigation bar, there is a breadcrumb trail 'Home :: Home'. To the right of the breadcrumb is a 'Dashboard' button. Below the breadcrumb and dashboard button are two dropdown menus: 'Agency: All One Stops' and 'Program: JVS'.

2. Type application number into the field and click **Search WFC Applications** button

The screenshot shows the 'Select Applications' form. It has a title bar 'Select Applications'. Below the title bar is a table with three rows. The first row is 'Search By' with a radio button selected next to 'Application Number'. The second row is 'Number' with a text input field. The third row is a button labeled 'Search WFC Applications'.

- From the **Client Applications**, select the **Application** to which the activity will added.

 - Activities need to be added and closed with the same date.
- Providers may have different activities listed because client activities are defined by your agency's scope of work. **Activities 435, 412, and 413 are required.**

8. Enter **Projected End Date** and **Last Day In Activity**

Please note:

- a. All activities **other than** 425 (subsidized employment – for YASE only) are one day activities.
- b. Projected end date should be the same date as the begin date.
- c. Activities need to be added and closed with the same date.

9. Once an activity is successfully added into an application, the status of the application will be update at **Enrolled**. This is an enrollment that will count towards the contract goal.

Best Practice(s)/Tip(s):

- ★ Provider is required to add an activity **within 90 days** of the most recent activity date. If an activity does not add to an application within 90 days, the application status will be soft exited.
- ★ There must be an open activity to keep the application active.
 - One day activities must be closed out the same day. Be sure to add another activity within 90 days if you are still actively working with the client.

SUBMITTING OUTCOME FOR A PARTICIPANT

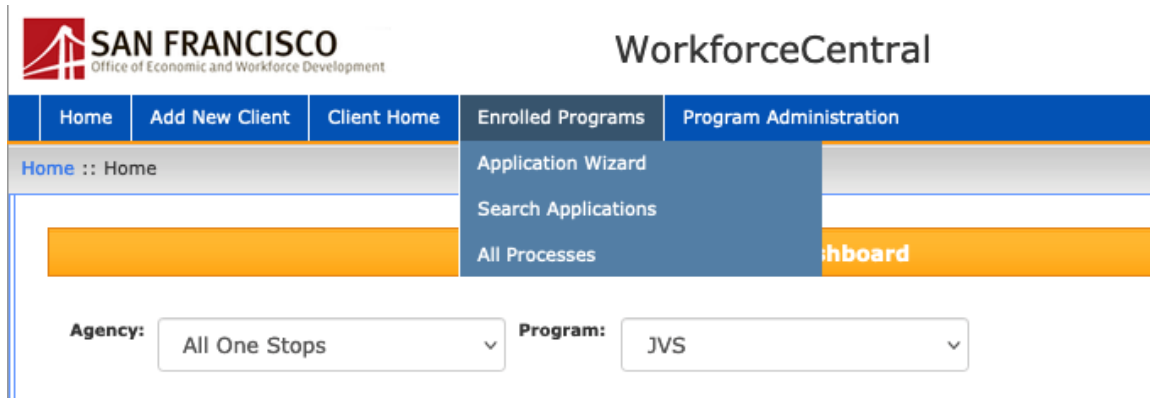

When a participant provides verification on employment or education, provider can consider exiting participant from the program.

To add an Exit Outcome:

A client is exited from WorkforceCentral after they have completed all workforce program services and their enrollment in the program is complete.

- All clients must be exited after services have been provided and enrollment is complete
- All activities must be completed before exiting a client
- A client cannot be exited without at least one activity
- You must collect and upload **proof of placement outcome**.

1. From the Enrolled Programs menu, select All Processes.

The screenshot displays the WorkforceCentral web application interface. At the top left is the San Francisco Office of Economic and Workforce Development logo. The main header area contains the 'WorkforceCentral' title and a navigation bar with tabs: 'Home', 'Add New Client', 'Client Home', 'Enrolled Programs', and 'Program Administration'. The 'Enrolled Programs' tab is active, and a dropdown menu is open, showing options: 'Application Wizard', 'Search Applications', and 'All Processes'. The 'All Processes' option is highlighted. Below the navigation bar, there is a breadcrumb trail 'Home :: Home'. At the bottom of the interface, there are two dropdown filters: 'Agency:' with 'All One Stops' selected, and 'Program:' with 'JVS' selected.

2. Ensure **all activities** are closed prior to submitting an exit.

ADDING A MEASURABLE SKILLS GAIN AND CREDENTIAL ATTAINMENT

WIOA Sector Training, Individual Training Account (ITA), and In-school Youth providers are required to enter a Measurable Skills Gain and Credential Attainment outcome.

- Measureable skills gain outcomes must be obtained during the program year and prior to exit.
- Credential attainment outcomes must be obtained within one year of program exit.

To add a client activity:

1. Once an application number is issued, from the **Enrolled Programs** menu, select **Search Applications**

The screenshot shows the WorkforceCentral interface. At the top left is the San Francisco Office of Economic and Workforce Development logo. The main header is 'WorkforceCentral'. Below this is a navigation bar with tabs: Home, Add New Client, Client Home, Enrolled Programs, and Program Administration. The 'Enrolled Programs' tab is active, and a dropdown menu is open showing 'Application Wizard', 'Search Applications', and 'All Processes'. The 'Search Applications' option is highlighted. Below the navigation bar, there is a breadcrumb trail 'Home :: Home'. To the right of the breadcrumb is a blue button labeled 'Dashboard'. Below the breadcrumb and button, there are two dropdown menus: 'Agency:' with 'All One Stops' selected, and 'Program:' with 'JVS' selected.

2. Type application number into the field and click **Search WFC Applications** button

The screenshot shows the 'Select Applications' form. It has a title bar 'Select Applications'. Below the title bar, there is a table with three rows. The first row is 'Search By' with a radio button next to 'Application Number'. The second row is 'Number' with a text input field. The third row is a button labeled 'Search WFC Applications'.

- From the **Client Applications**, select the **Application** to which the activity will added.
